RED OAK HIGH SCHOOL

HISTORY

Red Oak is a beautiful little country village, six miles from Nashville, the county seat of Nash, and ten miles from Rocky Mount. The community is characterized by good farms, good homes, good churches, and a good school. These things testify to the progressive spirit and unity of the people. Red Oak has had the school spirit for nearly forty years. The first high school was established in 1901 and was financed by private subscription. The school was under the management of Rev. Geo. W. May and Professor T. H. Sledge. When the State High School Law was passed in 1907, Red Oak was one of the first high schools to be established under the new law. The school has grown from a one-room building to six buildings,—two school buildings, two dormitories, and two teacherages.

The Farm-Life Department of the school was added in 1914. Mr. J. T. Jones donated to the school a beautiful farm of twenty-five acres. The community raised by private subscription and by bond issue sufficient money to put up a modern school building and to equip it for farm-life work. This marked the beginning of a more rapid growth of the school. Since that time teachers and equipment have been added each year and other buildings have been added as the demands have required. Red Oak is now a standard high school.

EQUIPMENT

Red Oak High School has two as good wooden school buildings as there are to be found in the State. The building erected in 1914 is now used by the elementary grades. The school auditorium, containing four hundred

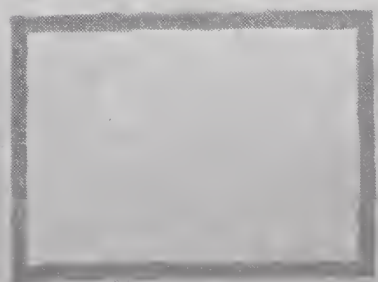

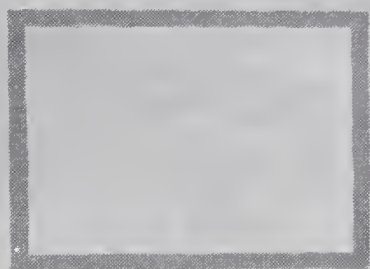

and thirty opera chairs, is in this building. The high school building was erected last year. The building is used for the teaching of all high school subjects, Home Economics, and Agriculture. The two buildings contain eighteen class-rooms, well equipped with the best single desks, globes, and maps. The Home Economics Department is equipped with the best modern domestic science desks, a cooking range, four oil stoves, a kitchen cabinet, four sewing machines, running water, and other necessary equipment. The workshop is supplied with the necessary tools, and the laboratories are well equipped with apparatus and chemicals for teaching physics, chemistry and agriculture. The buildings are all lighted by electricity, and all will have running water by the beginning of the next session. The school buildings are heated by steam.

There are two teacherages, one of which is occupied by the superintendent and his family and the other by lady teachers. The dormitory for boys is under the supervision of the High School Principal and the Lady Principal has charge of the discipline in the dormitory for girls. The rooming and boarding facilities of the two buildings are sufficient to accommodate about one hundred pupils.

The school farm contains twenty-five acres, and is equipped with a large modern barn and farm machinery. The school owns a pair of mules, four milch cows, chickens, and hogs. It is desired to supply the dormitory as far as possible with food from the farm.

ADVANTAGES OF LOCATION

Red Oak is an excellent location for a high school. It lies in the midst of a good farming section, near Nashville and Rocky Mount. Thus it has all the advantages of real country life and at the same time the conveniences

HIGH SCHOOL BUILDING AUDITORIUM ELEMENTARY SCHOOL BUILDING

of the city. A postoffice has been established this year at Red Oak with daily mail. Telephone service is convenient. Pupils have the advantage of preaching service each Sunday morning and night and Sunday School. Many of the temptations for idleness to be found in the towns and cities are not present. The location is as healthful as any in this section of the State. A deep well furnishes an abundant supply of good water.

ENTRANCE REQUIREMENTS

Pupils holding county seventh grade certificates are admitted to the high school without examinations. All others wishing to enter the eighth grade are required to stand examination on entering. Those desiring to enter some grade above the eighth must bring certificate from former teacher or teachers showing all the work that has been done above the seventh. Blanks for this purpose will be furnished upon application. In addition, an entrance examination on English will be required.

COURSES OF STUDY

There are three distinct courses offered: The Academic Course and two Vocational Courses, one in Agriculture and one in Home Economics. To receive a diploma of graduation one must complete one of the courses as outlined:

ACADEMIC COURSE

FIRST YEAR	SECOND YEAR
English	English
Arithmetic	Algebra
Algebra	Latin
Latin	History

OUTLINE COURSE OF STUDY

FIRST YEAR

ENGLISH

Bolemius: *Everyday English Composition*. Three periods.

Literature: Selections from the *Old Testament*; the *Odyssey*, omitting Books I-VI and XV-XVII; George Eliot's *Silas Marner*; Irving's *Sketch Book*; Stevenson's *Treasure Island*.

Spelling: Webster's *Secondary School Dictionary*.

Two periods.

MATHEMATICS:

Lennes and Jenkins: *Applied Arithmetic*. Fall Term.

Wentworth and Smith: *Academic Algebra*, to page 122. Spring Term.

LATIN

D'Ooge: *First Year Latin*.

SCIENCE

Caldwell and Eikenberry: *General Science*. Fall Term.

Ritche: *Human Physiology*. Spring Term.

SECOND YEAR

ENGLISH

Bolemius: *Everyday English Composition*. Completed. Three periods.

Literature: Dana's *Two Years Before the Mast*; Coleridge's *Ancient Mariner* and Lowell's *Vision of Sir Launfal*; Tennyson's *Gareth and Lnyette*, *Lancelot and Elaine*; Shakespeare's *Merchant of Venice*; Hawthorne's *Twice Told Tales*.

Spelling: Webster's *Secondary School Dictionary*.

Two periods.

MATHEMATICS

Wentworth and Smith: *Academic Algebra*, to page 308.

LATIN

Complete *First Year Latin* (D'Ooge); Bennett: *Caesar* (Four Books).

HISTORY

Ashley: *Early European History*.

SCIENCE

Bailey: *Botany of Secondary Schools*.

THIRD YEAR

ENGLISH

Lewis and Hosic: *Practical English for High Schools*.

Literature: Shakespeare's *Julius Caesar*; Bunyan's *Pilgrim's Progress*; Selections from *American Poetry*; Ruskin's *Sesame and Lilies*; Shakespeare's *As You Like It*.

Spelling: Webster's *Secondary School Dictionary*.

Three periods.

SENIOR CLASS

MATHEMATICS

Wentworth and Smith: *Academic Algebra*. Completed. Fall Term.

Wentworth and Smith: *Plane Geometry*. Two Books. Spring Term.

LATIN

Bennett: *Cicero*—Four Orations.

HISTORY

Ashley: *Modern European Civilization*.

SCIENCE

McPherson and Henderson: *Course in Chemistry*.

FOURTH YEAR

ENGLISH

Lewis and Holic: *Practical English for High Schools*. Two periods.

Literature for Study: Shakespeare's *Macbeth*; Milton's *L'Allegro*, *Il Penseroso*, and *Comus*; Burke's *Conciliation with America*; Macaulay's *Life of Johnson*.

Literature for Reading: Blackmore's *Lorna Doone*; Carlyle's *Heroes and Hero Worship*.

Spelling: Webster's *Secondary School Dictionary*. Three periods.

MATHEMATICS

Wentworth and Smith: *Plane Geometry*. Three Books. Fall Term. Wentworth and Smith: *Advanced Arithmetic*. Spring Term.

LATIN

Bennett: *Virgil*—Six Books.

HISTORY

Muzzy: *American History*. Three periods.

Muzzy: *Civics*. Two periods.

SCIENCE

Millikan and Gale: *Physics*.

WRITING

The Palmer Method Writing is used throughout the school. Each pupil is required to take writing. Two or three lessons a week will be given with a practice period each day. The writing materials will be furnished by the school at cost. The cost will be about as follows for the eight months:

Grades 1-3	\$.50
Grades 4-1175

TEACHER-TRAINING COURSE

A one-year course in teacher-training as outlined by the State Department of Teacher-Training is offered as an elective in the fourth year in the place of Science. Students who complete this course along with other requirements for graduation will be presented with an Elementary Term Certificate awarded by the State Department of Education, which entitles the holder to teach in any elementary grade in the State.

DISCIPLINE

The discipline of students attending Red Oak High School will not be extreme or hard, but it will be firm. Each student will be given as much freedom as is practicable, as long as he conducts himself in the proper manner. The faculty insist, first of all, that the students conduct themselves as becomes *ladies* and *gentlemen*. The school has no need of those who act otherwise and will not tolerate them. We want boys and girls who mean business. We have such rules and regulations as are necessary for a school the size of Red Oak. The boys and girls eat in the same dining hall, and at the same tables with the teachers. This is done to encourage politeness and good table manners. Unnecessary conversation between boys and girls is not allowed. Board-

ing pupils must be in their rooms studying during study hours, 7 to 10 o'clock, and no visiting is allowed. All lights must be turned off and pupils in bed by the ringing of the 10:30 bell. The girls observe "Quiet Hour" on Sunday afternoons from 2 to 4:30 P.M. All pupils are required to attend Sunday school and church.

EXAMINATIONS AND REPORTS

The school year is divided into quarters. At the end of each quarter final examinations are given on the work covered during the quarter. Seventy-five is passing mark. At the end of each quarter reports are sent to parents of the work done and deportment.

LITERARY SOCIETIES

There are four literary societies, Eureka and Utopian for boys, and McNeil and Graham for girls. Every high school pupil is required to become a member of one of these societies. They meet Thursday afternoons. Each society will give a medal at commencement to the member who makes most improvement during the year. Each society will elect two representatives to declaim or recite on Society Night about the first of April. The winners will be given medals at commencement by the school. Each society has a membership fee of fifty cents per term.

MEDALS AND AWARDS

1. A medal is given by each society to that member who makes most improvement during the school year.
2. Declaimer's medal to the member of the Eureka or Utopian Society who wins on Society Night.
3. Reciter's medal to the member of the McNeil or Graham Society who wins on Society Night.
4. A medal will be given by the school to the pupil in the high school who scores the highest number of points Surry, Nash, and Yadkin.

on the Honor Roll during the year. Prizes will be given to the next four highest.

5. Honorable mention is made of those who are neither tardy nor absent during the year.

6. Diplomas are awarded to the graduates. The graduation fee is \$1.00.

ATHLETICS

A certain amount of exercise is necessary every day. Each boarding pupil is required to take at least thirty minutes exercise each day. This may be done in playing football, basketball, baseball, volleyball, tennis, or in calisthenics, or by using the playground apparatus. Last year our Parent-Teachers' Association provided the school with equipment for the playground. Last fall the Red Oak High School put out a football team for the first time. The team made a creditable showing. For the second time the baseball team won the championship of North Carolina. Red Oak is the second school in the State to win the championship twice.

To play on any school team one must be a bona fide pupil in regular attendance and must make passing grades on a majority of his studies.

LIBRARY AND READING ROOM

The school has a good library and arrangements for reading. Among other books are a ten-volume encyclopedia, a set of Ridpath's History of the World, a sixteen-volume set of Stoddard's Lectures, and a number of reference books. The agricultural library contains nearly one hundred and sixty-five volumes. Other additions will be made from time to time. The library is well supplied with tables and chairs to be used in reading. Good reading material is supplied to the students, and they are

JUNIOR CLASS
 SOPHOMORE CLASS
 FRESHMAN CLASS

encouraged and required to read as much as is practicable in connection with English, History, and other subjects of school work.

MUSIC

Realizing the importance of music, the committee has secured the services of exceptionally fine teachers for this department. The teachers will plan that the course shall be rational, systematic, and productive of musical thought and culture. Realizing that music has a two-fold purpose, namely, for training in those things which are essential in the development of the mind of the child, and for appreciation in beauty and entertainment, much stress will be used in the principles of study which are essential for such work.

The school owns four pianos which are used in teaching and for practice by the pupils.

Public School Music has been added to our school work. The teacher of piano will have charge of this. Special effort will be made to get all pupils interested in singing.

EXPENSES

One of the principal considerations of any school is, "What are the expenses?" It is not claimed for the Red Oak High School that it is less expensive than other schools, but that for the accommodations given and the instruction received it is as reasonable as any school in this section of the State. Board averaged last year \$15.84 when provisions were higher than now. It is reasonable to expect that board will average next year about \$13.50 per month. The school farm and the dairy run in connection with the boarding department are big items in securing good board at a nominal cost. Board and heat are put upon the cost basis. Room and light are furnished in the dormitories at \$12.00 per term, payable

in advance. To engage room in the dormitories a deposit on room rent of \$3.00 is required. If for some unavoidable reason one is kept away, the \$3.00 will be refunded. An advance of \$12.50 is required on board on entering school. All school bills are required to be paid in advance.

No tuition is charged for high school students, nor for any pupils in the elementary grades.

Each student rooming in the dormitories is required to deposit \$2.00 to cover any damage done to rooms or school property. This amount will be refunded at the end of the session less any deduction for damage done to property.

SUMMARY

Room and light, per term (two in room).....	\$12.00
Room and light, per term (four in room).....	10.00
Board (estimated), per month.....	13.50
Board—five-day boarders (estimated).....	11.25
Music, per month.....	4.00
Breakage deposit	2.00
Writing materials75
Society fee, per term.....	.50

MISCELLANEOUS

1. It is very important that students be present the first day. Late entrance always puts one behind.

2. It is much better for a student to enter Red Oak High School as soon as the seventh grade examination is passed. Then he has the choice of any course given. Often pupils who have completed one or more years of high school work elsewhere wish to come to Red Oak and continue their work and take Agriculture or Home Economics. A pupil who has had no Agriculture or Home Economics has to begin with the first-year work.

Pupils thus misgraded often find that conflicts in the schedule of recitations prevent them from taking exactly the course they want.

3. Boarding students must furnish their own bed linen, pillows, towels, and such toilet articles as are desired.

4. Each boarding student is held responsible for the condition of his or her room, and for any damage to property therein. The rooms must be in order by 8:30 A.M., after which time the housekeeper will inspect each room.

5. Any complaints which the pupils or parents have to make should be made directly to the Superintendent. Parents are asked to notify him of any complaints made by their children.

6. Smoking cigarettes, using profane language, hazing, and the use of intoxicants are positively prohibited.

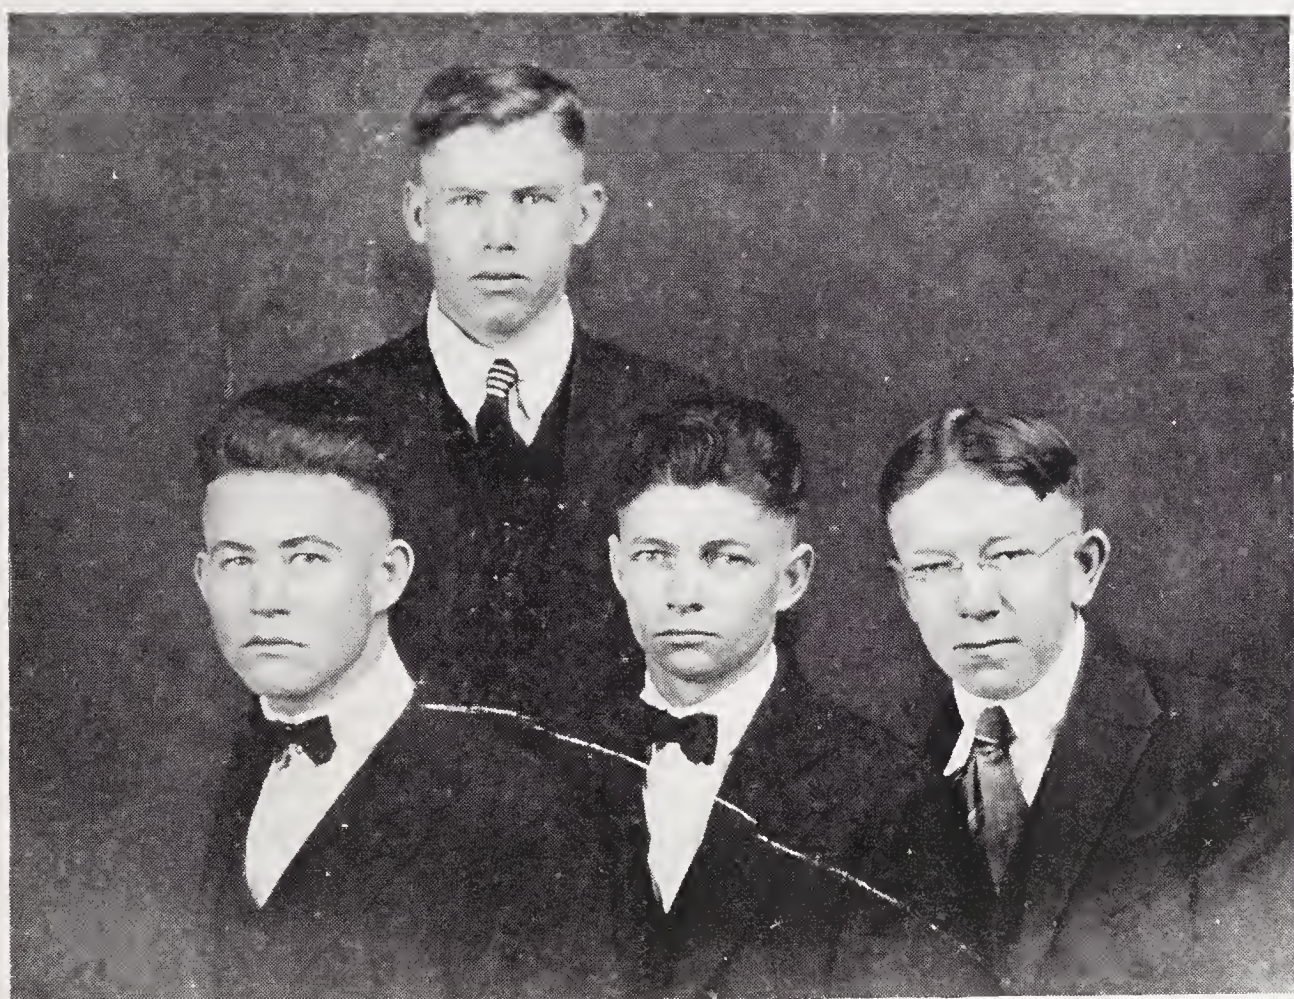

7. Unnecessary visiting by the boarding pupils is not allowed. Boarding pupils must not leave Red Oak without first getting permission from the person in charge of the dormitory in which he or she rooms. A request to visit must be made to the proper person at least three days before the time desired to make the visit and the request must be accompanied with written permission from parents.

8. If parents find their children spending more money at Red Oak than is necessary, they should notify the Superintendent.

8. Do not ask for books to be charged. The school does not keep text-books. The Mangum Book Store of Rocky Mount handles all school books, and they charge no books. Leave sufficient money with the pupil to buy his books—from \$5.00 to \$6.00.

GIRLS' UNIFORMS

All girls in the high school grades and any others who board in the dormitory are required to wear uniforms. Four suits will be necessary for fall and spring wear and two suits for winter. The fall and spring suits are to be made of middy twill and the winter suits of black and white shepherd plaid. The waist is to be slightly bloused over full plaited skirt. Middy sleeves, Peter Pan collar with black Windsor tie. The bottom of the skirt is to be ten inches from the floor, except for very small girls and then the length is to be determined by the Lady Principal. The head-wear will be determined later. Each girl will need a dark dress to be worn while taking exercise in the afternoons.

By the use of uniforms the cost of clothes for girls will be considerably reduced. The cost of the material for the six suits should not exceed \$20.00. The uniforms are to be worn on all occasions.

HONOR ROLL

The object of this honor roll is to keep constantly before the pupils things worth while. To make the honor roll a score of 125 points is necessary. The score is made at the end of each quarter and the honor roll read before the school and posted. The names of those who make the honor roll each quarter during the session will be put in the catalog. The score is as follows:

	POINTS
1. Entering the preliminary debate.....	10
2. Triangular debater	20
3. Representing the society in declamation or recitation.....	10
4. Making one or more class teams.....	15
5. Making one or more school teams.....	25
6. Playing clean athletics.....	25
7. General good behavior	50
8. Promptness at meals.....	20

9. Neatness	25
10. An average grade of 90 or more.....	50
11. Not being tardy during a quarter.....	10
12. Not being absent during a quarter.....	20
13. Not violating a rule of the school.....	25

BASEBALL TEAM
 BASEBALL CHAMPIONSHIP CUPS, 1919
 FOOTBALL TEAM

COUNTY SUMMER SCHOOL, 1921

The County Summer School has taken the place of the County Institute of former years. The school law requires the counties to make some provision for the professional training of their teachers. These schools are held primarily for the teachers who do not hold State certificates. Nash County held a summer school at Red Oak last year. Thirteen teachers were enrolled. This summer the school is run by Edgecombe, Halifax and Nash counties. Twenty-five teachers are enrolled.
